

Estimating Differences with Rounding

Second row:

$$8,800 - 6,200 = 2,600$$

$$5,300 - 3,700 = 1,600$$

$$7,500 - 5,600 = 1,900$$

Third row:

$$3,000 - 3,000 = 0$$

$$9,000 - 3,000 = 6,000$$

$$5,000 - 1,000 = 4,000$$

Fourth row:

$$4,000 - 2,000 = 2,000$$

$$9,000 - 8,000 = 1,000$$

$$7,000 - 1,000 = 6,000$$
